12 and 16 Gauge Hammerless "Pump" Guns

The Safest Breech-Loading Gun Built!

The Marlin hammerless repeating shotgun is a fine-appearing, beautifully-balanced gun, without any objectionable humps or bumps; no holes on top for gas to blow out through or water to get in; can't freeze up with rain, snow or sleet; its solid steel breech (not a shell of wood) permits a thoroughly symmetrical gun without sacrificing strength or safety; it is the safest breech-loading shotgun ever built.

It is Hammerless with Solid Steel Breech (inside as well as out)—Solid Top—Side Ejection—Matted Barrel (which costs \$4.00 extra on other guns)—Press Button Cartridge Release—(to remove loaded cartridges quickly from magazine without working through action) Double Extractors—Take-Down Feature—Trigger and Hammer Safety. Handles rapidly; guaranteed in shooting ability; price standard Grade "A" 12-gauge gun, \$22.60; 16-gauge, \$24.00.

Send 3 stamps postage for big catalog describing all Marlin repeating shotguns (hammer and hammerless), all Marlin repeating rifles, etc. Do it now!

The Tale of Two Cities

Yuma, Arizona, is a thriving, prosperous city

Over six thousand people live and work and play there

They have their friends, their homes, their families, their stores and their churches

That's their city

There's another city—just as big, just as important, and just as thriving

That's the Telephone city

Over six thousand men and women are working in the mountain region today to handle your telephone calls

If all the employees of your telephone company could live in one place they would make a bigger city than Yuma

They can't be spared, though, even to build a city

For they are busy every day of the year in 400 cities and towns in seven states making your telephone service
